

# CRIME Cafe

*Informal discussions about  
forensic science and the law*

Presented by the Leverhulme Research Centre for Forensic  
Science at the University of Dundee

**CLARKS ON LINDSAY STREET / FREE**

## **Lord Lovat's last resting place**

*Dr Lucina Hackman*

*Tue 26 March*

Did the body of Lord Lovat get taken in secret to its final resting place at the Wardlaw museum as the rumours suggest, or is someone else in his coffin?

## **Could you be tried for shooting a gun you've never touched?**

*Brian McConnachie QC and Dr Herve Menard*

*Tue 23 April*

Gunshot residue can be found miles away from the original scene. What are the legal implications and how can the public get involved with research to address these issues of evidence transfer?

## **Does DNA always hold the answer?**

*Alex Prentice QC and Dr Alexander Gray*

*Tue 14 May*

The presence or lack of DNA at a crime scene doesn't always reveal a clear perpetrator or exonerate a suspect. The speakers will discuss examples of legal importance and what current research might mean for future cases.

## **LRCFS Annual Lecture**

*Dr Justice Tetley, United Nations Office on Drugs and Crime*  
*Tue 18 June - This event will take place at the Dalhousie Lecture Theatre at the University of Dundee.*

This talk will discuss the United Nation's response to emerging drug threats across the globe.

*Tickets : [uod.ac.uk/LRCFSAnnualLecture](http://uod.ac.uk/LRCFSAnnualLecture)*

# CRIME *Cafe*

*Informal discussions about  
forensic science and the law*

*Crime Cafe is created and hosted by the  
Leverhulme Research Centre for Forensic Science  
at the University of Dundee. It is a relaxed, open  
event for discussions about science within the  
justice system.*

## HOW IT WORKS

There's no need to book a place, just turn up! We recommend arriving early for a good seat. All talks are FREE!

7:00 pm	Talk starts
7:30 pm	Break
7:45 pm	Chaired, open discussion
8:30 pm	Close and thanks

The talks take place at Clarks at 80 North Lindsay Street in Dundee, DD1 1 PS
