Start at Mariner Drive car park

In Dundee, past and present, and the three world-beating pioneers of Dundee: medicine, dentistry and veterinary science. These three specialties were founded in Dundee in the early 19th century, and many of their design principles were revolutionary. When it opened in 1820, moving to larger buildings at West Green in 1882. It was renamed Royal Liff Hospital in 1963, but replaced in 2001 with this smaller facility, part of the In/firmary. A separate Lunatic Asylum opened off Albert Street in 1851, and a new building opened in 1856.

Ninewells Library, School of Medicine

The Ninewells Library is a key cultural institution and is used by students and staff alike. The library is open from 8am to 10pm, Monday to Friday, and 9am to 6pm on Saturdays.

Ninewells Hospital

Ninewells Hospital was opened in 1855 as the first teaching hospital in Dundee. It was one of the first hospitals in Scotland to have its own medical school, and it has played a key role in the development of medicine in Scotland. The hospital was originally founded as a small infirmary, but it has since grown to become one of the largest hospitals in Scotland. Today, Ninewells Hospital is a world-renowned centre of excellence, providing a wide range of services to patients from across Scotland and beyond.

Clinical Research Centre

Opened in 2007, the Clinical Research Centre is a hub for clinical trial activity. The centre houses key research areas such as cancer and cardiovascular disease. The centre has also become a centre of excellence internationally for its work in diabetes research, studying large-scale population studies and using the data to improve patient care.

TORT Centre

TORT (standing for Tayside Orthopaedic and Rehabilitation Technology) is a hub for work in orthopaedics and rehabilitation. TORT has been working for years on improving the way that patients are treated, and has made significant contributions to the field. TORT has been at the forefront of research into new treatments and technologies, and has a strong track record of excellence.
