SCAVENGER HUNT – find the Dundee Women’s Trail plaque

Malmaison Hotel

Here is the site of Dundee’s old hospital, on an elevated wooded area overlooking the Tay. The area where the old hospitals were located was the site of a new hospital site. Dr. David Livingstone arranged for the first free public hospital to open in Dundee in 1832. It housed Anatomy and the Medical Sciences Institute.

Carnegie Building

The building has undergone several phases of development and expansion, including the addition of a new wing in 1967 and the renovation of the original building in 1998. The Carnegie building now houses the University’s School of Life Sciences. Today it is the home of the School of Life Sciences.

Dundee Contemporary Arts

Dundee Contemporary Arts is Scotland’s leading contemporary arts centre. It was established in 1991 and is funded by the Scottish Government, the City of Dundee, and the University of Dundee.

Dundee Science Centre

The Dundee Science Centre is a popular visitor attraction in Dundee. It was opened in 1993 and is located in the former building of the Royal Infirmary. The Centre offers interactive exhibits and hands-on activities for children and adults.

Dundee University

Dundee University is a public research university located in Dundee, Scotland. It was founded in 1967 as the University of Abertay and merged with the University of Dundee in 1997 to form the University of Dundee.

Discovery Centre

The Discovery Centre is a science museum located in the heart of Dundee. It is run by the University of Dundee and is located in the former building of the Royal Infirmary. The Centre offers interactive exhibits and hands-on activities for visitors of all ages.

Discovery Point

The British National Antarctic Expedition on board RRS Discovery 1 was launched in 1901 and was the first expedition to reach the South Pole. The expedition was led by Robert Falcon Scott and was supported by the Royal Society.

Sir James Black Centre

Sir James Black Centre is a research institute located in Dundee. It was established in 1998 and is named after the Nobel Prize-winning pharmacologist Sir James Black, who was born in Dundee. The Centre is dedicated to the study of the molecular mechanisms of disease and the development of new drugs.

The McManus: Dundee Art and Museum

The McManus is a museum located in Dundee. It was founded in 1871 and is located in the former building of the Royal Infirmary. The McManus is home to a large collection of art and artifacts, including works by local artists and foreign artists.

TheBritish National Antarctic Expedition on board RRS Discovery 1 was launched in 1901 and was the first expedition to reach the South Pole. The expedition was led by Robert Falcon Scott and was supported by the Royal Society.

The Royal Institution of Chemistry

The Royal Institution of Chemistry (RIC) is a learned society that promotes the advancement of chemistry and related sciences. It was founded in 1807 and is located in London.

The British National Antarctic Expedition on board RRS Discovery 1 was launched in 1901 and was the first expedition to reach the South Pole. The expedition was led by Robert Falcon Scott and was supported by the Royal Society.

Dundee is now celebrated internationally for its pioneering work in medical sciences, in particular the University of Dundee’s ground-breaking research into cancer, diabetes, drug development and surgical techniques. But the city has many more amazing stories of past, present, and present, and the three walking tours presented here will introduce you to some of the most extraordinary.

Basic information about each topic is presented on this map, but you will find more in-depth information, images and videos on the accompanying website at uod.ac.uk/DundeeDiscoveriesMap

For younger explorers, we have also included a Scavenger Hunt – look out for the cancer cell symbols on the map and see if you can find the various features listed along the way!

Please share your experience using #DundeeDiscoveries

### Walking Route

- Start at Mariner Drive car park
- Invergowrie House
- Ninewells Library, School of Medicine
- MacKenzie Building
- Radiotherapy department
- Carseview Centre
- Wilson House

### Safety notice

Please follow current Scottish Government COVID-19 guidance while undertaking the activity.
